

POEMS Workshop 2022

29 September - 4 October 2022, Hotel Karel IV, Turnov, Czech Republic

Topics:

- Stellar evolution
- Environments of evolved massive stars
- Interaction between stellar winds and interstellar medium
- Stellar pulsations and moment analysis
- Photometric surveys
- Analysis tools for light and radial velocity curves
- Determination of stellar and wind parameters
- Stellar atmosphere and wind codes

SOC:

- Catalina Arcos (Universidad de Valparaíso, Chile)
- Lydia Cidale (Universidad Nacional de La Plata, Argentina)
- Michalis Kourniotis (Astronomical Institute Špiřilov, Czech Republic)
- Michaela Kraus (Astronomical Institute Ondřejov, Czech Republic)
- Tiina Liimets (Astronomical Institute Ondřejov, Czech Republic)
- Olga Maryeva (Astronomical Institute Ondřejov, Czech Republic)
- Péter Németh (Astronomical Institute Ondřejov, Czech Republic)
- Dieter Nickeler (Astronomical Institute Ondřejov, Czech Republic)
- Julieta Sánchez Arias (Astronomical Institute Ondřejov, Czech Republic)

LOC:

- Michaela Kraus (ASU)
- Tiina Liimets (ASU)
- Olga Maryeva (ASU)
- Dieter Nickeler (ASU)
- Julieta Sánchez Arias (ASU)
